# Covid Update

---

---

# MLSD Covid Cases

- Covid cases since our last board meeting: (3/15/21)
    - Students: 11
    - Staff: 2
  - Please inform your school nurse or building administrator should your child test positive for COVID-19.
  - Most recent [CALI Report](#)
    - Our region reassessed at **Orange** (High Risk). We hear the concerns and will continue to work on ways to move closer to our goal of getting more students into our buildings every day.
-

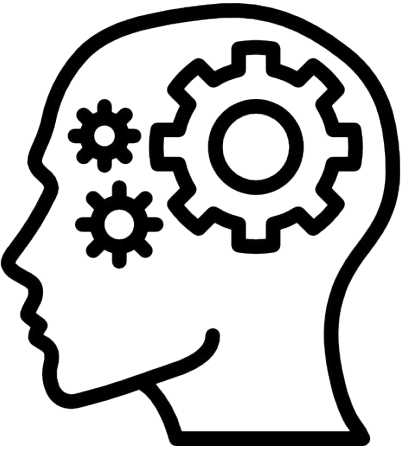

---

## Reminder: MLSD Covid Vaccination/Testing

Atlantic Health System has agreed to partner with the MLSD to get us vaccinated in a timely manner

- **Vaccinations** underway
  - **COVID Testing** - mobile lab coming to MLHS every Wednesday from 1PM-3PM, effective April 14 thru end of school year
    - Open to community
    - Only asymptomatic (PCR) testing; results within 24-48 hours
-

---

## The Plan Ahead

[New guidance from the NJDOH](#) states that it is "particularly important" to maintain 6' of social distancing for middle and high schoolers when the regional risk is high (orange), as it is currently. As such, we had to postpone our plans for combining cohorts until the regional risk improves to moderate (yellow).

Seen here is a [5 week CALI score progression](#) to give you a better sense of the deterioration of conditions we face. Everyone of us needs to do a little more to get this thing under control.

---

# State Updates

---

---

## State Updates

- **Spring Assessment Submission** is underway.
    - Reminder: NJDOE requested local school districts to share locally administered assessments to provide a snapshot of student learning during this school year. (Math, ELA and Science)
  
  - **NJSLA Testing:** Will be moving forward
-

# District Communication

# MLSD Summer Academy

---

- [Website](#) & [pre-registration](#) shared earlier this week.
