Subject: Vaccination for Students Ages 16-18
Date: April 20, 2021

Dear Parent/Guardian,

Atlantic Health System has once again generously agreed to partner with the Mountain Lakes School District, this time to encourage students ages 16-18 to register for a COVID-19 vaccine.

To secure your child a vaccine appointment, please visit the [Atlantic Health System Portal](#) and follow the prompts to register. Should you have any issues scheduling an appointment, please reach out to me at mfetherman@mlschools.org.

Please note: Any student under the age of 18 will need a parent or guardian to accompany them to their appointment to sign a consent form.

If your child hasn't already been vaccinated and would like to be, I strongly encourage you to take advantage of this opportunity. Atlantic Health System and the Mountain Lakes School District are committed to the health and well-being of our learning community.

Warm regards,

Michael J. Fetherman

Superintendent of Schools
